Dear Dr. Prasad Mamidi,

Greetings from NCISM

Scientific publication is the need of the hour for globalisation and global acceptance of Ayurveda and other Indian systems of medicine. In recent past several scientific works are published in predatory journals and thus lost their scientific value. To overcome this issue NCISM (National Commission for Indian System of Medicine) proposed to orient and sensitise all post-graduate guides on '**Scientific Writing, Research Integrity, and Publication Ethics**'. Considering the magnanimity of PG guide number, it is decided to a **pool of master trainers** and through these master trainers, all other PG guides will be sensitised. With this background NCISM in collaboration with Centre for Publication Ethics and Centre for Complementary & Integrative Health (CCIH), Savitribai Phule Pune University, Pune will be organising '**Scientific Writing, Research Integrity, and Publication Ethics**' workshop from 21st to 25th March 2022.

I am pleased to inform you that you have been selected for the above said master training workshop. You are requested to make available yourself to be present physically from 21st to 25th March 2022 at Yashada, Pune.

You will be provided economy air fare (tickets are to be booked from airline websites only) or second AC train fare to and fro and accommodation during workshop.

For further details and any assistance, you may contact **Dr Pallavi (9015550181)** of NCISM or **Mr Siddharth Sonje (700747490)** of CCIH.
